

AAU Tournament Results
Bayside High School
29 March 2008

This tournament marks our second event as a team and while it is still apparent that the work on the new gym at Melbourne High School has cut into our practice and numbers of participants at the tournament settings, we had a larger turnout for this event. We had two wrestlers compete at the elementary school division, two at the middle school division and six at the high school division. Competition was from Palm Bay High School, Space Coast High School, Cocoa Beach High School, Bayside High School, Viera High School, Melbourne High School and the youth programs from Sebastian, West Melbourne, Titusville (Astronaut), Circle of Champions, and the Treasure Coast.

Elementary School Division

*Jake Nail
Tucker Nail*

This marked the first tournament for both these first year wrestlers. Jake placed 3rd and while Tucker did not place he wrestled hard for his first competitive meet. Keep up the good work guys.

Middle School Division

*Grant Eller
Joe Dawley*

While the numbers in this division were low, the results were not. Joe Dawley finished 2nd and Grant Eller picked up where he left off last year and finished 1st. Grant went undefeated through the tournament and won all his matches by pin.

High School Division

*Jack Pennella
Geoff Starnes
Jeff Romanelli
Scott DeFillippo
Tyler Riesen
Josh Hattendorf*

This was our largest group of participants and they are working hard on their wrestling skills. Results: Jack Pennella 3rd. While we did not place a lot of wrestlers at this division the guys got in some good wrestling. Geoff finished one win out of placing third against varsity wrestlers from several programs. Tyler is a middle school student who is wrestling

against high school varsity wrestlers to get that much needed experience for next year. Both Scott and Jeff wrestled well against tough competition and Josh (one of our senior wrestlers/coaches) wrestled for two wins and left the tournament early for prior commitments.

Congratulations to all the wrestlers, thanks to all the parents for the support and we look forward to seeing all at Astronaut High School next weekend.
