

AAU Tournament Results
Palm Bay High School
24 May 2008

This tournament marks our last event as a team and we are transitioning to summer practice. Once again our numbers were low due to spring football at the high school level and the near end of the school year. We had one wrestler compete at the lower elementary school division and two at the high school division. Competition was from Palm Bay High School, Timber Creek High School, Sebastian River High School as well the youth programs from Circles of Champions, Westside Wrestling (Orlando), Sebastian, and West Melbourne.

Lower Elementary School Division
Zachary Browne

Results: Zachary was our lone entrant in the elementary division. This was Zack's first competition coming off a week of practice. While he did not win a match, he wrestled well in all his matches and improved with each match. We are looking forward to Zachary's progress in future events.

High School Division
Grant Eller
Jacob Crawford

Both Jacob and Grant continue to gain valuable experience against good competition. Grant continued where he left off in the last tournament and finished second with a record of 4-1 with four pins. While Jacob did not place, he did wrestle well against some tough competition and looks to build upon the experience.

Congratulations to all the wrestlers, thanks to all the parents for the support and we look forward to seeing those wrestlers who will be working out this summer.
